Master Vendor Service (Lot 5) and Neutral Vendor Supply (Lot 6)

Recognising that one approach doesn't fit all, our tailored service means that we can provide high quality candidates as and when you need them. We take on the responsibility for the entire end-to-end process which includes contractor migration and implementation, technology enabled solutions and managing suppliers.

Corporate Functions (Lot 3)

Our sophisticated candidate attraction methods mean we can recruit temporary resource for a wide range of corporate roles including:

Finance | Credit Control | HR | ICT | Marketing | Digital & PR | Operational Delivery | Payroll | Governance | Information Management | Procurement.

IT Function (Lot 4)

We are experienced in recruiting temporary staff, interims and contractors across all levels for roles which include:

Analysis and Change | Architecture | Project and Service Management | System Administration and Support | Dev Ops | Development | Testing.

Delivering high calibre resources

Our services are completely tailored to your needs and through our proactive approach and dedicated account management, you can expect:

- Provision of resources for your business as and when you need them
- Simplified, automated and streamlined recruitment and timesheet processes
- Certainty of delivery
- Strict rate card and transparent pricing structure delivering enhanced financial savings
- Time and resource savings
- Full legislation compliance and risk management
- Quality and compliance

Using sophisticated techniques that go way beyond typical job boards and database searches, we source temporary resources, interims and contractors from the most junior to the most senior, including board level roles.

Your People. Your Performance. Our Priority.
